## College of Europe Students' CV Database

### IMPORTANT NOTICE

You are about to access the CV database collecting the curriculum vitae of the College of Europe students (Bruges and Natolin campuses) of the promotion 2022-2023. The students have been invited to upload, on a free will basis, their CV and informed about this database's purpose. They have notably been explained that potential recruiters could access, until December 2023, this database on condition you confirm that:

- Your organization is compliant with the General Data Protection Regulation,
- Your organization will use the students' data only for its own purpose and will not disseminate this data to others,
- Your organization will use the students' data only in view of a potential recruitment,
- Your organization will erase the students' data it could have downloaded once the recruitment process is completed,
- If your organization would like to keep the students' data after the above-mentioned moment or for another purpose, the consent needs to be granted individually, unambiguously, and directly by the student themselves.

Please note, that the College of Europe:

- Will track your access (but not your queries) to the CV database for a statistical purpose and as mentioned below to get proof of your consent and approval of these conditions,
- Will treat your data according to its General privacy policy  
[https://www.coleurope.eu/sites/default/files/uploads/page/general\\_privacy\\_notice.pdf](https://www.coleurope.eu/sites/default/files/uploads/page/general_privacy_notice.pdf),
- And more specifically in the case of the organisation of its Career events, according its Privacy policy events  
[https://www.coleurope.eu/sites/default/files/uploads/page/privacy\\_policy\\_events.pdf](https://www.coleurope.eu/sites/default/files/uploads/page/privacy_policy_events.pdf)

Please also note, that accessing this database (which, as above mentioned, is tracked) will be considered as an approval of these above-mentioned conditions.
